

**“Creating South Africa’s
largest diversified empowered
mineral resources company”**

13 November 2003

Rick Menell – Avmin

**“Unlocking value for
all stakeholders”**

DELIVERY ON STRATEGIC REVIEW OBJECTIVES

- follows review of strategic direction and future structure of the Avmin group announced on 11 September 2003
- stated objectives:
 - establishing Avmin as a BEE company
 - build a strong financial base for Avmin

THE PROPOSED ACQUISITION PROCESS

- **STEP 1**

Harmony acquires Avmin's shares in Avgold in exchange for Harmony shares

- **STEP 2**

Avmin acquires ARMI's stake in Harmony and Modikwa in exchange for Avmin shares

- **STEP 3**

Avmin acquires Harmony's stake in Kalplats in exchange for Avmin shares

- **STEP 4**

ARM acquires control over Harmony's stake in Avmin

THE PROPOSED ACQUISITION PROCESS

Step I

Sell 42.2% of Avgold to Harmony in consideration for Harmony shares @ 10.0 ratio (10.0 Avgold for 1 Harmony)

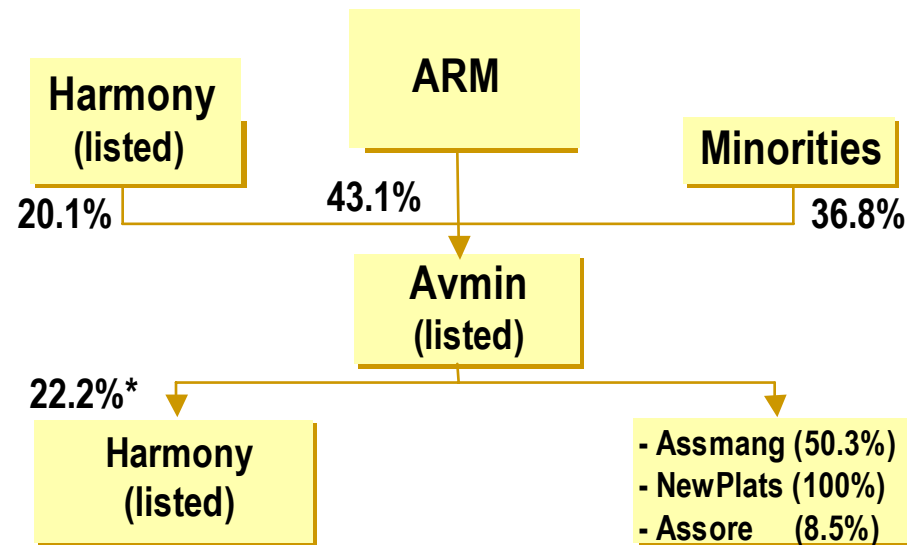

* Prior to implementation of mandatory offer

THE PROPOSED ACQUISITION PROCESS

Step 2 & 3

Avmin acquires in consideration for Avmin shares:

- ARM's Harmony shares (13.6%) and
- ARM's 83% interest in 50% of the Modikwa
- Harmony's Kalplats Platinum project

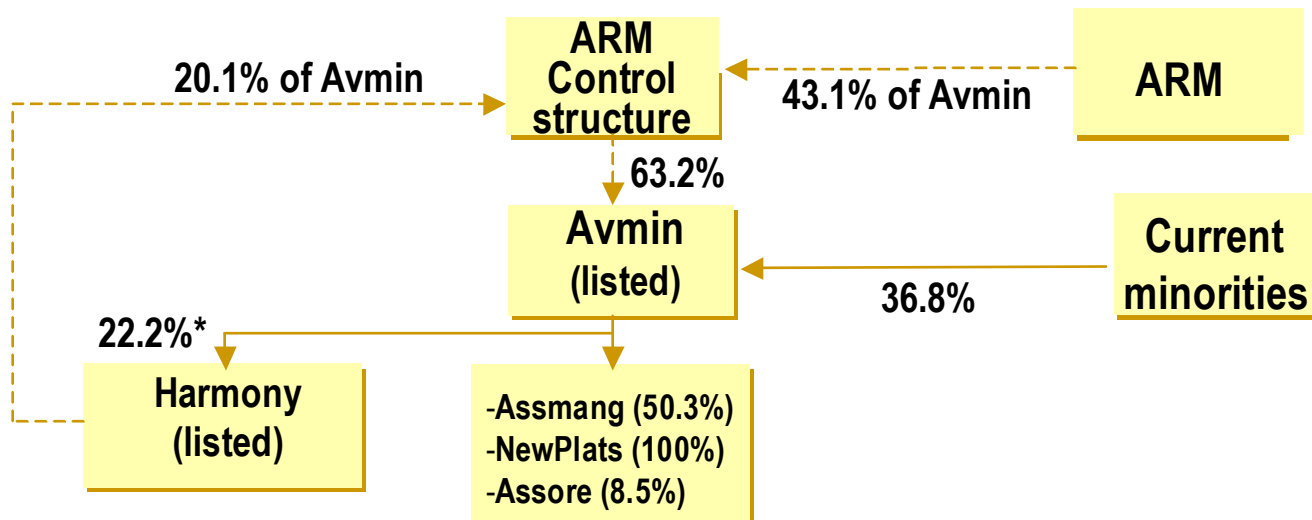

* Prior to implementation of mandatory offer

THE PROPOSED ACQUISITION PROCESS

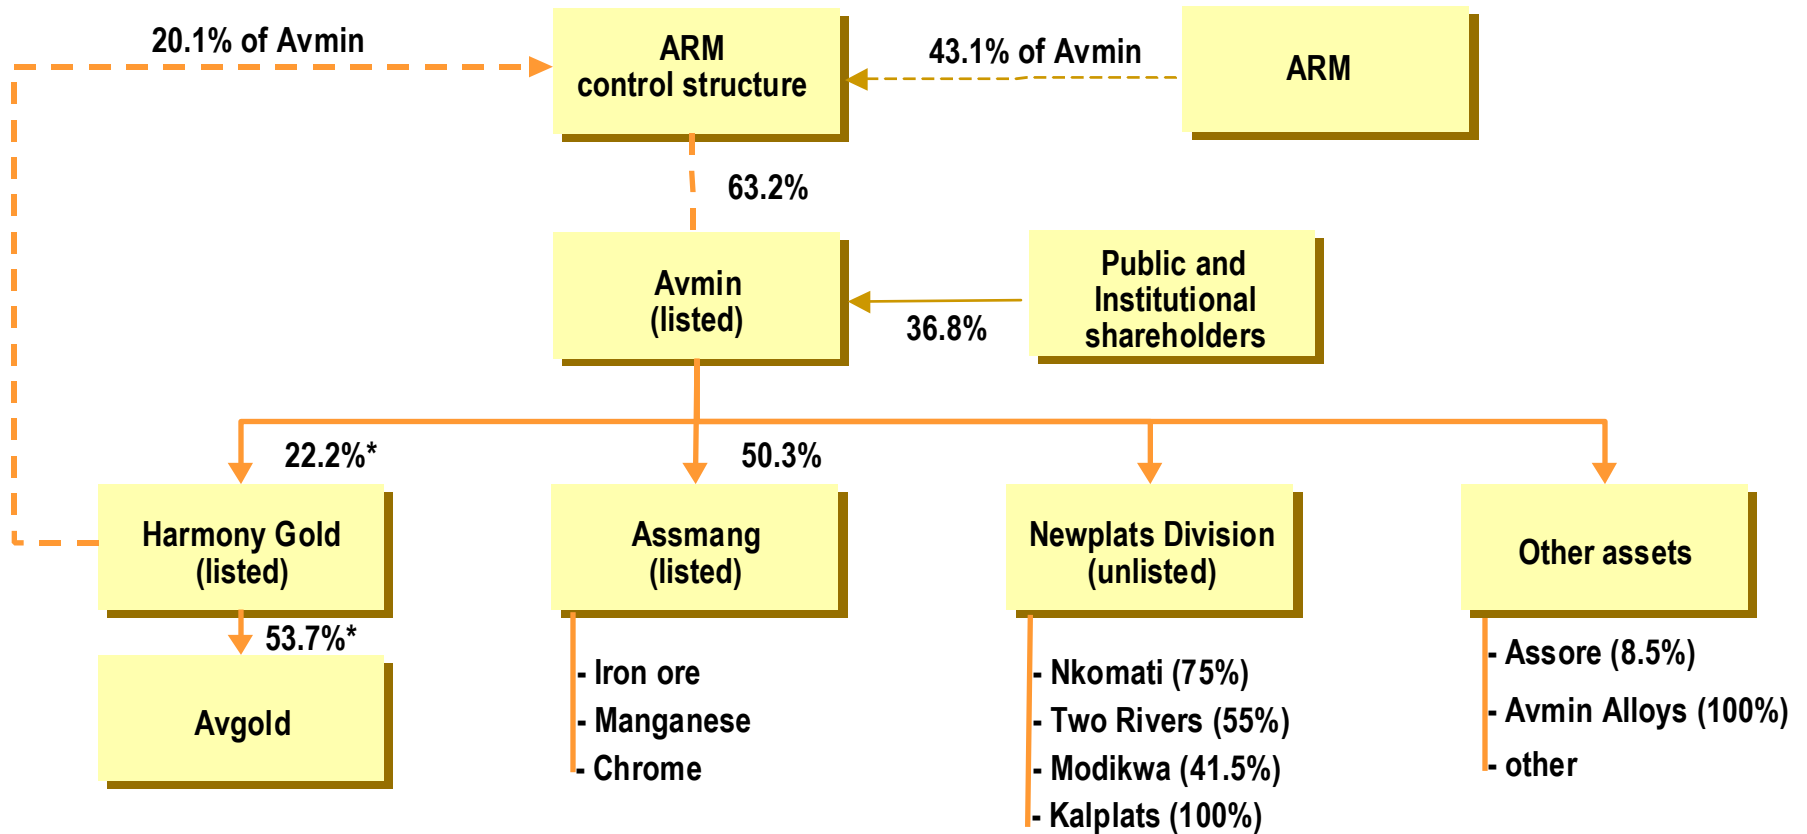

Step 4

Harmony merges its remaining shares in Avmin with the Avmin shares controlled by ARM

* Prior to implementation of mandatory offer

THE STRUCTURE OF THE NEW SOUTH AFRICAN MINING CHAMPION

* Prior to implementation of mandatory offer

PROPOSED MANAGEMENT STRUCTURE POST TRANSACTION

- **Patrice Motsepe to be appointed as chairman**
- **Rick Menell to be appointed deputy chairman of both Avmin and Harmony**
- **Avmin's board to be changed to meet the new company's objectives**
- **strategic management to be strengthened**

WHAT'S IN IT FOR AVMIN?

- **creates SA's largest diversified, empowered mineral resources company**
- **shares issued at 15% premium to market price**
- **capital raising capability for sound investment projects**
- **critical mass in attractive sectors:**
 - **ferrous metals (iron ore and manganese)**
 - **PGM's and nickel**
- **growth potential**
 - **acquisitions**
 - **joint ventures**

- **pioneering new-order mining company**
 - **JSE Securities Exchange listing**
 - **improved balance sheet**
 - **project building and operating skills**
- **10 year Mining Charter compliance target exceeded**
- **more opportunities to be created**

IMPACT OF VALUATIONS

Step 1: Harmony acquires 42.2% of Avgold

Transaction as proposed

Transacting prices:

Harmony 30 day VWAP

R101.07 per share

Proposed exchange ratio (per Harmony share)

10.00 Avgold shares

Implied Avgold price

R 10.11 per share

Implications:

New Harmony shares to be issued for 42.2%
of Avgold ('000)

28 631*

Implied percentage held by Avmin

10%*

* Prior to implementation of mandatory offer

IMPACT OF VALUATIONS

Step 2 & 3: Avmin acquires ARM's 13,6% shares in Harmony and effective 41.5% of Modikwa and Kalplats Transaction as proposed

Issue price of new Avmin share R50.00 per share

New Avmin shares to be issued for:

- Arm's Harmony shares	70.8m
- Arm's Modikwa interest	17.0m
- Harmony's Kalplats	<u>2.0m</u>
	<u>89.8m</u>

The above results in the following:

ARM's effective holding in Avmin	43.1%
Harmony's holding in Avmin	<u>20.1%</u>
Potential holding by ARM	63.2%
Avmin's holding in Harmony	22.2% *

* Prior to implementation of mandatory offer

AVMIN'S EXPOSURE TO HARMONY

- **pure unhedged gold company**
- **upgrading the quality of Harmony's production base**
- **not a single gold project company**
- **proven track record in delivering shareholder value. i.e. capital growth and dividends**
- **delivery of Target North**

ASSMANG – QUALITY FERROUS METALS PORTFOLIO

- **manganese / ferromanganese**
 - largest (high-grade) reserves in the world
 - second largest producer in South Africa
 - top five producer worldwide
 - new manganese shaft will reduce operating costs
- **iron ore**
 - second largest producer in South Africa
 - building up to 6 million tons per year
 - key participant in potential consolidation
- **chrome ore / ferrochrome**
 - dedicated (low cost/good quality) ore supply
 - new furnace will increase output to 300ktpa

POTENTIAL IN PGMs AND NICKEL

- **Modikwa – new state-of-the-art operation with large in-situ total resource of 62,2 Moz**
- **Two Rivers – high grade, future potential**
- **Nkomati – SA’s only primary nickel operation with significant expansion potential (with PGMs)**
- **Kalplats - early stage discovery**
- **opportunities for**
 - **acquisitions**
 - **joint ventures**
- **possible future listing**

OTHER POTENTIAL VALUE UPLIFTMENT

- **Assore – strategic investment linked to Assmang**
- **AvAlloy - beneficiation programme**
 - **strategic alliances being formed**
- **exploration – SA, Zambia, DRC, Namibia**

Patrice Motsepe – ARMI

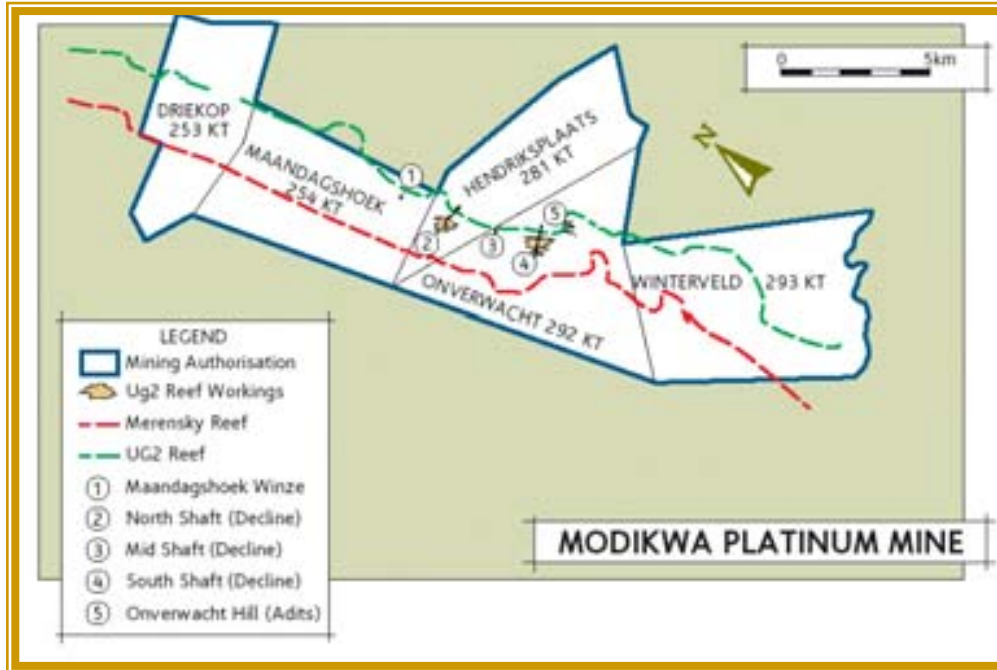

**“Positioned to participate in
the changing South African
resources industry”**

- **creation of “South African Mining Champion”**
- **first BEE mining house competing on an equal footing**
- **exposure outside gold for ARM**
- **unlocking value of Modikwa to allow for further growth into independent listed platinum producer**
- **well positioned to participate in the changing SA resource industry**

- **unincorporated JV between Anglo Platinum (50%) and ARM Mining Consortium (50%)**
- **ARM Mining Consortium comprises ARMplatinum (83%) and BEE participants, i.e. the Maandagshoek communities (17%)**
- **Anglo Platinum and ARM Mining Consortium jointly hold the Section 9 mining licence (2025)**
- **ARM Mining Consortium sells metal in concentrate to Anglo Platinum through a concentrate sales agreement**

- **capital expenditure to date - R2.08bn (in 2003 terms)**
- **the planned steady-state production (per annum)**
 - **2.4 million tons of ore**
 - **162 000 oz Pt**
 - **146 000 oz Pd**
- **life of mine - 100 years (at the above production rates)**
- **concentrator site has been designed to cater for doubling in capacity**

Map

Resources and reserves (1)(2)(3)

	Tonnage KT	Grade G/T
Total resource	362 084	5.34
Inferred resource	225 972	5.33
Indicated resource	79 071	5.35
Measured resource	57 041	5.40

Notes:

(1) Excludes Merensky (2) Excludes Modikwa Deeps (3) No allowance for geological losses

ARMI HAS EXPOSURE TO DIVERSE ASSET BASE

<ul style="list-style-type: none">• gold	<ul style="list-style-type: none">- Harmony (22.2%) (through Avmin)
<ul style="list-style-type: none">• platinum	<ul style="list-style-type: none">- Modikwa (41.5%)- Nkomati (75.0%)- Two Rivers (55.0%)- Kalplats (100%)
<ul style="list-style-type: none">• ferrous metals	<ul style="list-style-type: none">- Assmang (50.3%)<ul style="list-style-type: none">- iron ore- manganese ore and alloys- chrome ore and alloys

Bernard Swanepoel – Harmony

**“Avgold to further upgrade the quality of
Harmony’s production base”**

RATIONALE FOR THE TRANSACTION

- **Harmony has over the past three years embarked on five growth projects, significantly upgrading the quality of its production base**
- **Avgold, i.e. Target and Target North Project areas further enhances this strategy, delivering South Africa's largest quality gold producer**
- **increases Harmony's equity BEE participation from $\pm 14\%$ to $\pm 20\%$**
- **combined with other BEE credits – above the required 26%**

AVGOLD – WHAT'S IN IT FOR HARMONY?

- **access to long life gold orebodies**
- **improving the quality of Harmony's regional asset base**
- **further consolidation of the Free State (synergies)**
- **increase in Harmony's resource base by ± 78 Moz**
- **increase in Harmony's annual production to ± 4.3 Moz**
- **unredeemed capex of R3,6 billion to be utilised earlier**

TARGET AND TARGET NORTH PROJECT AREAS

Target Mine

- production - 350 000 oz pa
- production costs - US\$180/oz
- reserves - 3.9 Moz
- resource - 3,9 Moz
- L.O.M. - ± 18 years

Target North

- resource - 59,6 million oz (excluding Oribi)
- in process of completing feasibility study

(note: resources are calculated excluding reserves)

- **“new Avmin” – a quality vehicle to participate in the changing South African resource industry**
- **further unlocking of value to all stakeholders of Avmin, ARMI and Harmony**
- **delivery of current gold and other growth projects**
- **recognising quality acquisition opportunities**
