### EXPERIENCE AND REQUIREMENTS

*(Essential unless otherwise indicated)*

- 3 Years' experience in Engineering related fields.
- 3 Years' training and assessments experience.

### KNOWLEDGE AND SKILLS

- Microsoft Office.
- Assist with the implementation of sub-functional change management to drive transformation and optimisation. Drawing from own experience or vocational knowledge, identify and recommend initiatives aimed at eliminating waste, improved productivity and reduce operating costs within scope.

### KNOWLEDGE AND SKILLS (cont.)

- Identify recurring problems and derive creative solutions involving team members. Recognise and reward team member efforts.
- Control and assess Quality Management within scope of work to ensure standard adherences.
- Interpret the approved operational plans. Determine how resources and processes must be utilised / applied to achieve the objectives. Mobilise resources to ensure achievement of production targets and objectives.
- Plan, coordinate and manage training needs, standards and interventions in accordance with legislative, national and industry standards / requirements.
- Liaise with Line Management within a Section to align training with operational requirements.
- Evaluate training material to ensure that the changes in legislation, SOP, COP and related changes are incorporated accordingly.
- Manage, maintain and monitor accuracy and storage of data.
- Assist line managers and employees with general queries and advice on HRD related topics.
- Act as a represent of the Operational Standards Committee, participate and implement training and safety decisions.
- Identify training gaps and needs using a variety of data.
- Ensure adherence to legal requirements in and around the workplaces.
- Compile training catalogue by October of each year for the following year's training.
- Liaise with relevant department and standard generating bodies to understand technology developments and its impact on training needs.
- Ensure compliance to ISO requirements regarding the date and usage of material.
- Conduct inspections on training sections regarding compliance to all legislative requirements.
- Manage and maintain the upkeep of the simulators.

### TERMS & CONDITIONS

- The candidate will be appointed on the condition of being certified medically fit as per Mine Health and Safety Act 29/1996.
- **Remuneration** will be based on a competitive all-inclusive flexible package.
- **Employment Equity targets** will be considered when appointing potential candidates.
- **People living with disabilities** are encouraged to apply.

Interested applicants are requested to submit their CV's with certified copies of qualifications.
